COVER AND SECURITY CONSIDERATIONS
FOR PARTICIPATION IN
EMPLOYEE ACTIVITY ASSOCIATION

1. The primary purpose of the Employee Activity Association (EAA), whose organization has been approved by the Agency, is to provide a broad program of social and recreational activities for Agency employees. Since participation by certain employees in the Association's activities may be restricted for cover and security reasons, a review of each application will be made to determine the scope of participation permitted for the applicant.

2. As stated in the Acting Director's memorandum to all employees dated 5 March 1965, participation in recreational activities which use Agency space, equipment, and time will be limited to members of the Association to ensure that each activity meets Agency security, cover, and administrative requirements. As a member of EAA, an employee may participate in any or all of the activities sponsored by the Association, cover permitting. He is also eligible for other benefits, such as discounts on tickets to certain cultural and sports events in the Metropolitan Washington area and on items sold by the Association. Nonmembers will not be eligible for these savings.
